SCRT Luncheon Sponsors:

Contec – Parent company of Sporicidin. Their innovative Wall Washing Systems, cleanroom wipes and mops are changing the way we clean.

North by Honeywell – From eyewear to the latest advances in respiratory technology, North is known for high quality and reliability.

Aramsco + Interlink Supply – One of the largest suppliers of goods and services to the restoration industry. Whether you are looking to purchase the latest supplies, rent equipment, get your technicians certified or enhance your industry knowledge, with renowned instructors like today's Gregg Sargent, Aramsco has what you need.

by Honeywell

Are you converting calls to jobs?

Gregg Sargent was the top lead converter for a national lead generation company. He was also marketer of the year and entrepreneur of the year for a world-wide franchise. Founder of Sargent Strategies Academy. Gregg's Business Built Better course is helping restorers nationwide close more calls and improve their bottom line

Are your estimates leaving money on the table?

Nick Sharpe – as a lead estimator Nick used to write over 700 estimates per year. He is now a consultant and instructor for Reets Academy where he specializes in advanced estimating and advanced Xactimate training.

Electrician, Plumbers and HVAC technicians are all licensed. What about restoration technicians?

Gordy Powell is founder and co-owner of Georgia Clean and Associates, LLC and President of Bio PTO.Com, a non-profit trade organization promoting legislation and education for the field of medical waste management and the forensic restoration portion of our industry. This includes legislation to require licensing. Is this the right move for our entire industry? Come join the discussion.
