FOR IMMEDIATE RELEASE

The Restoration Technical Institute Offers Spanish Language Training Class

READING, PA, October 7, 2019 – The Restoration Technical Institute is excited to announce that they will be offering their popular Water Damage Restoration Technician (WRT) class in Spanish from December 16 – 19 at their location at 1145 Commons Boulevard, Reading PA 19605.

Lisa Lavender, Chief Operating Officer of Restoration Technical Institute stated “We are thrilled to have the opportunity to bring training to many existing and future restoration professionals, who may have English as a second language. Students will have the opportunity to earn credentials and become certified with the IICRC.”

The 3-day Water Damage Restoration Technician course is designed to teach restoration personnel that perform remediation work to give them a better concept of water damage, it’s effects and techniques for drying of structures. This course will give residential and commercial maintenance personnel the background to understand the procedures necessary to deal with water losses, sewer backflows, and contamination such as mold.

About The Restoration Technical Institute

Our mission is to provide opportunities, training and resources that will allow restoration and insurance professionals from all over the world to succeed. At the Restoration Technical Institute, we believe in inspiring happiness, pride and innovation in others. At our hands-on, state of the art training facility, you will become educated by the industry’s top professionals, all while feeling right at home with a staff whose top priority is to make sure your time at RTI is a fun, positive and educational experience.

We are proud to be a globally recognized training facility allowing us the opportunity to host industry professionals from all over the United States and beyond. Our students receive quality technical instruction combined with hands on experiences that allow them to serve as leaders in their fields. All of our programs include customer service and safety training resulting in quality service providers. At the Restoration Technical Institute, we respect industry standards, our customers and our craft, and we instill these values and beliefs into our students.

Please contact us for more information on the class at info@restorationtechnicalinstitute.com or 610.926.0223.
